SUMMARY

Operations lead with nine years running regional logistics teams. Known for turning messy handoffs into calm, measurable processes that people actually follow, and for hiring well.

EXPERIENCE

Northline Freight — Operations Manager

Mar 2020 – Present

Chicago, IL

- Cut average dock-to-stock time from 11 hours to 4 by reorganizing receiving shifts around actual truck arrival patterns rather than the published schedule.
- Led a team of 42 across three sites; turnover fell from 38% to 14% in two years.
- Rolled out a scanning workflow adopted company-wide.

Harbor & Main — Shift Supervisor

2016 – 2020

Milwaukee, WI

- Supervised 15 associates on the overnight shift.
- Built the cross-training rota still in use today, which let the site cover sick days without overtime.
